Tell us about your work experience. What you are most proud of?

I spent four and a half years working as a financial analyst for a commercial real estate firm based in the Gulf South. While there, I valued over $1 billion in potential new acquisitions and another $1 billion in potential new developments. I also closed over $400M of debt for new and existing assets. I am proud of my personal growth while working, along with the connections and relationships I made.

Why are you pursuing your MBA?

I am pursuing my MBA because I believe education is the best investment one can make. The opportunity to return to school at a prestigious institution to learn, meet new people, and further my career is an opportunity I could not pass up.
