Caroline Rhodes (PMBA '25)

May 4, 2025

Name: Caroline Rhodes

Hometown: Cartersville, Georgia

Program: Professional MBA

Post Graduation Plans: I will be continuing to work for Tulane School of Medicine in the Department of Surgery. I am currently the Sr. Program Coordinator for Surgery Education.

Favorite Business Course: MCOM 6020, ACCN 6050, or MGMT 7250

Favorite Business Professor: Sharief Ebrahim – he makes learning fun, but he makes us think in ways we would never have thought before.

Most important thing you learned at Freeman: Persistence. Whenever classes were overwhelming, or there was a lot going on at work or in life, staying organized and staying on the course to graduate helped me keep the goal in sight and continuing through the program.

Favorite New Orleans Memory: I love everything about New Orleans! I especially love Mardi Gras, Jazz Fest, and crawfish season when everyone comes together to eat, drink, and just enjoy each other’s company and some good music.
