WWL-TV: Delivery costs climb as War in Iran drives up fuel prices

April 6, 2026

Eric Smith, professor of practice and associate director of the Tulane Energy Institute, was interviewed by WWL-TV about how rising fuel prices are impacting delivery costs.

> “It’s all of the ships and the rail transportation that results in a cardboard box showing up at your front doorstep,” Smith added, referring to the broader supply chain involved in deliveries.
